LIBERTY

A multi-faceted restroom: our **LIBERTY** is suitable for users with reduced mobility. It has also been designed to accommodate mothers with their children, as well as people who require extra room inside the toilet. The strength of its double-walled door eliminates the need for a metal frame. It stands out from the competition by its low weight and convenient design.

Accessories/Options

- ❶ Flush kit (hand pump)
- ❷ Hand operated handwash (capacity: 45 l)
