CONNECT

This sewer connection cabin meets the highest requirements in functionality and comfort. It can be quickly and easily connected to the sewage system and offers a professional, alternative solution for all rental companies who want to make sure that their users really feel at home!

Plus, what's even more handy is that it is available in the model (and colour) you always order from us.

Standard features

24.000 POINTS

With hot water

- ❶ Durable plastic toilet pan & seat with cistern
- ❷ Large wash basin
- ❸ Waste water exit on back of unit
- ❹ Fresh water inlet on back of unit
- ❺ Power plug on side of cabin, in case of use with optional Hot Water Wash (see below)

Optional **HOT WATER WASH**

A hot water unit with a 3 kW infrared water heater, full RCD protection, 16A power socket (fitted to the exterior of the cabin), waterproof fuse box and waterproof switch. Perfect for your users to enjoy hot water when using the basin. Ideal for setting your **CONNECT** unit apart from the competition's.
